## Skills

**Languages:** C, Java, Python, JavaScript, SQL

**Technologies & Tools:** MongoDB, Tailwind CSS, REST APIs, Angular, Express.js, React.js, Git, GitHub

**Core Concepts:** Data Structures & Algorithms, OOPs, DBMS, Computer Networks, Operating Systems

## Project

### Aiota — Stock Market Platform

July 2026

#### Full-Stack Web Application

- Developing a full-stack stock market platform with **2 dedicated interfaces**, including a trading dashboard for portfolio management and buy/sell workflows.
- Built **10+ reusable React.js components** for holdings, positions, orders, watchlists, funds, portfolio analytics, and trading actions.
- **Tech Stack:** React.js, JavaScript, Node.js, Express.js, MongoDB, REST APIs

### Personal Portfolio Website Live Demo

May 2026

#### Frontend Developer

- Designed and **deployed** on Netlify a responsive portfolio showcasing projects, technical skills, certifications, programs, and achievements.
- Integrated an email-sending API for direct contact communication and implemented interactive UI elements, resume access, and responsive navigation.
- **Tech Stack:** HTML, CSS, JavaScript, EmailJS, Netlify, Git, GitHub

### Sahyog Bharat — Government Schemes Platform Live Demo

Nov 2025

#### Web Developer

- Developed a **4-page multilingual platform** helping users discover government schemes and social-support resources based on their needs and location.
- Built an NGO directory with **location, organization name, phone, email, and WhatsApp contact details** to connect users with relevant support organizations.
- Implemented **user sign-up and an interactive chatbot** to simplify navigation and help users access relevant schemes and support resources.
- **Tech Stack:** HTML, CSS, JavaScript

## Education

### Inderprastha Engineering College Ghaziabad

Sept 2024 - Jun 2028

B.Tech in Computer Science and Engineering

**CGPA: 7.76/10**

Relevant Coursework: Object Oriented Programming, Databases, Data Structures and Algorithms, Operating Systems, Computer Networks, Data Mining, Advance Data Structures and Algorithms.

## Achievements & Certifications

- Solved **120+ problems on LeetCode** across multiple DSA topics and earned the **50-Day Problem Solver** badge.
- **GSSoC 2026 Contributor:** Worked on 10+ open-source issues across web development projects and successfully merged 1 pull request.
- **Hackathons:** Participated in the **ISRO Hackathon** by proposing a satellite-based wildfire tracking solution, and participated in the **Smart India Hackathon (SIH)**.
- **Certifications:** Microsoft **AI-900: Azure AI Fundamentals**; Oracle **JAVA Developer Badge**; Infosys Springboard **OOPS with Python**.
